Key Achievements

In 2025, the EDH Young Ensemble Society had a wonderful year together! Since our group began, we've put on three successful performances, each showing how much our members have grown.

We're also proud to share that some of our members earned First Place and Second Place at the 2026 Crescendo International Music Competition at Carnegie Hall, New York — an amazing accomplishment!

Throughout the year, members met regularly online to plan events, share updates and keep everything running smoothly.

And one of our favorite moments was our spring gathering, where everyone enjoyed good food, warm conversations, and lots of laughter with friends and families.

Fun Spring Gathering

The spring gathering we had with our Artistic Director was one of the highlights. Even though Zoom meetings work well for our busy schedules, being together in person gave us a chance to connect, laugh, and enjoy each other's company — and to celebrate the musical journey we're learning and growing through together.
